Dear Ms Vamberová

Thank you for your kind donation of Czech literature and works on the Czech Republic. These English language editions are a fine addition to the State Reference Library.

The books featuring Krtec, the Little Mole, will be particularly valuable for the Library. The inclusion of such an iconic Czech children's character in the Library's collections will complement our own extensive holdings of Australian children's literature. Zdeněk Jirotko's *Saturnin*, with its resonances of P.G. Wodehouse, will also add value to our collection of significant literature from around the world.

Thank you so much. Your gift is a wonderful addition to the State Library's collection of Czech works.

With kind regards.

Yours sincerely

Alex Byrne
NSW State Librarian & Chief Executive
