WATER RESEARCH FOR AGRICULTURE
– SUSTAINABLE RESOURCES OF WATER IN EUROPE

10 June 2014, 14.00 – 17.00

Permanent Representation of the Czech Republic to the EU
15 Rue Caroly, 1050 Brussels

CZELO

Permanent Representation
of the Czech Republic
to the European Union

The aim of the conference is to discuss challenges in the water management related to the sustainable production in the European agriculture sector. The common tool is the Horizon 2020 programme which tackles aspects of water ecosystems and agricultural research. The conference will present policy view on water resources and agricultural research as well as stakeholders' views (researchers from Czech Republic and other European countries).

All participants are kindly requested to register in advance by completing the registration form at <http://geform.tc.cz/aquaconference/> before 6 June 2014.
