

Challenges for Europe

regional Integration in a fragmented world

Meet interesting people from around the world

Learn from the best experts of Central Europe

Study in Prague and Explore the beautiful historical city

Application starts **December 1st** – apply early and pay less!

” In 2014 I was able to study at the European Summer School in Prague, through the University of Sheffield’s global scholarship scheme. I had an absolutely fantastic, unforgettable experience both academically and socially. I had the chance to hear some really interesting economic, political and legal perspectives concerning Central Europe in the European Union from both experienced academics and my fellow course students. On top of the academic side of the programme, the fantastic course coordinators had arranged many trips such as to Karlstejn Castle, Radio Liberty and the Czech Republic Parliament. I would definitely recommend studying here, it was a fantastic two weeks and I didn’t want to leave! ”

Miranda, University of Sheffield
