# The EU is looking for Administrators in the field of Audit (AD5)

The European Union is comprised of 28 Member States and serves a population of over half a billion people. It has an annual budget exceeding €145 billion. For the benefit of all EU citizens, the EU's finances need to be accounted for and managed well. The results of **auditors** work are used by the Institutions and Member States to oversee the management of the EU budget and, where necessary, make improvements.

We are currently looking for new colleagues to work as auditors primarily with the **European Court of Auditors** in Luxembourg.

If you are looking for a career in audit in the international public sector, the EU institutions have a lot to offer. You can expect a wide range of opportunities for professional development and personal growth. You will be working with highly qualified colleagues from all over Europe in multicultural, multilingual and diverse teams. We require significant levels of resourcefulness, resilience and mental agility, but we also provide a chance to make a significantly positive impact on Europe and its citizens.

Duties include work in areas such as financial, performance and internal audit. You may also be required to provide assurance and advisory services in all operational fields of the EU with the aim of improving governance and management. The work may involve operations in all the Member States, non-EU countries and other international organisations and may therefore require travelling on the job.

To apply you will need a university degree of **at least three years** relevant to the duties or professional training/qualification of an equivalent level to these studies. Additionally, you must be an EU citizen and have a good knowledge of two EU languages. The second language must be **English or French**.

Applications are open from **22 March** to **24 April 2018,** 12.00 midday (Brussels time). For more information on the selection requirements, procedures and how to apply, please visit **eu-careers.eu**.
