

**Turkish Embassy  
Prague**

Z-2021/38934132/33517935

The Embassy of the Republic of Turkey presents its compliments to the Ministry of Foreign Affairs of the Czech Republic and with reference to the Embassy's Note No :Z-2021/38934132/32847101, dated 1 June 2021, has the honor to inform the Esteemed Ministry of the changes made on the entry measures into the Republic of Turkey for the passengers travelling from the Czech Republic.

Starting from 14 November 2021, 21:00 UTC hours:

- For passengers arriving from the Czech Republic, those who submit proof of two doses of vaccination (listed by WHO or Turkey for emergency use) (one dose for Johnson&Jonhnsen) provided that the last dose was at least 14 days before arrival and/or a proof of recovery from COVID-19 within the last six months starting from the 28th day of the first positive PCR test result, will not be asked to present a negative PCR test report and quarantine measures will not be applied.

- For passengers arriving from the Czech Republic, those who do not submit proof of two doses of vaccination (listed by WHO or Turkey for emergency use) (one dose for Johnson&Jonhnsen) provided that the last dose was at least 14 days before arrival and/or a proof of recovery from COVID-19 within the last six months starting from the 28th day of the first positive PCR test result, PCR test report with negative result at most 72 hours or a rapid antigen test report with negative result at most 48 hours prior to the entry will be sufficient.

- For passengers arriving from the Czech Republic, PCR tests will be performed by the Ministry of Health on the basis of sampling at the passengers' destinations. Passengers will be allowed to go to their final destination after the test samples are taken, and if the test results are positive, they will be treated according to the COVID-19 guide of the Ministry of Health. Passengers with a positive test result and persons they have been in close contact with will be quarantined for 14 days at their own addresses and the quarantine conditions will be terminated if the PCR test results to be performed at the end of the 10th day are negative. The quarantine conditions of those who are found to be carrying the Delta mutant of the virus will be terminated at the end of the 14th day of the quarantine without PCR test.

- These requirements are not applicable to transit and/or transfer passengers.

- There will be no PCR requirement and quarantine for the crew.

**Consular Department  
Ministry of Foreign Affairs  
of the Czech Republic  
Prague**

Passengers aged under 12 are exempted from PCR/antigen test report and vaccine certificate application on entry to Republic of Turkey.

It would be very much appreciated if the above mentioned changes would be disseminated to relevant Czech authorities.

The Embassy of the Republic of Turkey avails itself of this opportunity to renew to the Ministry of Foreign Affairs of the Czech Republic the assurances of its highest consideration.

Prague, 15 November 2021
