INVENT ARENA 2024

3rd edition of prestigious international event in the Czech Republic to support innovation!

News from the world of science and technology will be presented at the third edition of the INVENT ARENA exhibition. WERK ARENA in Třinec will be transformed into an innovation exhibition space on 12-13 June 2024.

**The event is carried out under the guarantee of
the International Federation of Inventors' Associations IFIA.**

At the fair, companies and individuals will present their inventions, innovations and know-how from the world of science, technology and human creativity from the entire Czech Republic and 25 other countries in Europe, Asia and America on an exhibition area of over 2,000 m² to experts and the general public.

Based on experience from previous years, the expected attendance is more than 5,000 participants.

INVENT ARENA exhibition:

- ✓ connects representatives of investors, research workplaces, innovative companies, universities and secondary schools, young creators and producers, looking for interesting innovation initiatives, business opportunities or solutions for their ideas and inventions waiting to be put into practice
- ✓ offers a space for innovators, researchers and people interested in science to present the latest domestic and global trends
- ✓ compares the technical level of Czech and foreign exhibitors
- ✓ presents technology, science and research as part of the national culture and thus emphasizes the irreplaceable role in the economy and development of the country
- ✓ offers new knowledge and information in the form of educational seminars, presentations, workshops and panel discussions
