Call for proposals of Small Scale Projects In Kurdistan Region of Iraq in 2025

The Consulate General of the Czech Republic in Erbil opens a call for proposals of Small Scale Projects (SSP) in Kurdistan Region of Iraq (KRI) in 2025.

Small Scale Projects

SSP should be focusing on useful contribution to the local community and smaller development activities, in line with the country's national development plan, focusing on education and health sector, renovating or upgrade, support of development activities of local institutions and organizations, participation in larger projects, etc. The projects should be focused on their sustainability.

The objective of SSP is to contribute to the needs of development and to support a positive change through local entities.

The SSP budget shall cover development activities of the implementing organization only. No capacity building costs of the organization (such as overhead costs) are acceptable.

SSP funding ranges 200,000 CZK – 500,000 CZK (approx. from \$8,500 to \$22,000).

Who can submit SSP proposal

Only local organizations with legal entity in Iraq or KRI may submit SSP proposals.

The SSP Identification Form

SSP proposal in English is to be presented in a specific identification form (enclosed) only.

The Identification Form, duly completed in all sections, stamped, and signed by the authorized person is to be presented in paper form and scanned electronic version.

In the case of non-governmental organizations, a copy of the legal entity document (in accordance with the local law requirements) and an authorization document certifying that the person is authorized to act on behalf of the organization in Iraq or KRI must be enclosed.

Close of business

SSP Identification Form should be received latest **by September 30th, 2024**.
