A pet is a loyal companion, an animal, a person or perhaps a technical toy we love and depend on. Show me your pet and I will tell you who you are.....

The pet is a mirror of your dreams and ambitions. Just as freedom and natural environment that we create for our pets is only an illusion, we also tend to be trapped by structures of our life. The artists give their own interpretation on this special relationship spiced with ironic overtones and self-reflections.
