

ANNEX 70: REFERENCE GUIDE FOR TOURIST IMPORTS

PLANTS, PLANT PRODUCTS, FRUITS AND VEGETABLES PERMITTED FOR TOURIST IMPORTATION

The products listed in Article 4 of the AGREEMENT defining classification and merchandise coding are permitted in small amounts for personal use and consumption, after a visual inspection confirms they are pest free. Their importation is regulated by the Secretary of Agriculture, Livestock, Rural Development, Fish and Food.

PLANTS, PLANT PRODUCTS, FRUITS AND VEGETABLES PERMITTED FOR TOURIST IMPORTATION			
The products listed in Article 4 of the AGREEMENT defining classification and merchandise coding are permitted in small amounts for personal use and consumption, after a visual inspection confirms they are pest free. Their importation is regulated by the Secretary of Agriculture, Livestock, Rural Development, Fish and Food.			
Consumo humano	1	Cheeses packaged and stamped by the corresponding sanitation authority.	Fresh cheeses are prohibited. Aged cheeses are permitted and must be packaged and labeled in spanish or english and display a stamp from the sanitation authority. Their origin must be from countries in compliance with the zoosanitary requirements of the MCRZI. In the case of countries affected by Foot and Mouth Disease (FA), cheeses will only be accepted from plants listed in the SICPA. Homemade products are not accepted.
	2	Canned or packaged butter stamped by the corresponding sanitation authority.	Must come completely sealed and labeled in spanish or english and display a stamp from the sanitation authority and proceed from countries in compliance with the zoosanitary requirements of the MCRZI. If proceeding from countries affected by Foot and Mouth Disease (FA), the products will only be accepted if coming from plants authorized by Mexico. Homemade products are not accepted.
	3	Canned cream stamped by the corresponding sanitation authority.	Must come completely sealed and labeled in spanish or english and display a stamp from the sanitation authority and proceed from countries in compliance with the zoosanitary requirements of the MCRZI. If proceeding from countries affected by Foot and Mouth Disease (FA), the products will only be accepted if coming from plants authorized by Mexico. Homemade products are not accepted.
	4	Packaged yogurt stamped by the corresponding sanitation authority.	Must come completely sealed and labeled in spanish or english and display a stamp from the sanitation authority and proceed from countries in compliance with the zoosanitary requirements of the MCRZI. If proceeding from countries affected by Foot and Mouth Disease (FA), the products will only be accepted if coming from plants authorized by Mexico. Homemade products are not accepted.
	5	Liquid pasteurized or ultrapasteurized bottled and labeled milk.	Must come completely sealed and labeled in spanish or english and display a stamp from the sanitation authority and proceed from countries in compliance with the zoosanitary requirements of the MCRZI. If proceeding from countries affected by Foot and Mouth Disease (FA), the products will only be accepted if coming from plants authorized by Mexico.

REQUISITOS PARA LA IMPORTACIÓN DE PRODUCTOS DE ORIGEN EXTRANJERO			
Consumo humano	6	Canned and labeled condensed milk.	Must come completely sealed and labeled in spanish or english and display a stamp from the sanitation authority and proceed from countries in compliance with the zoosanitary requirements of the MCRZI.
