Dear Kibari

I cannot say how honoured and delighted I am at receiving the Silver Medal of Jan Masaryk. It was a splendid occasion, filled with many memories of many times. It represents for me the deep connection I have always felt for my country of birth. Yes, I am a British citizen with a Czech heart. I am very lucky.

The sun shone, the company was delightful, filled with so many Czech and Slovak friends, my wife and I felt very happy. Thankyou for such an honour, such an occasion . How proud my parents would have been .
