Water treatment **in the container**

Amazing technology for getting drinking water from RIVERS, STREAMS, WELLS, OASIS and from the SEA. All these High-Tech technologies are placed in mobile containers which can be placed simply anywhere next to the water source

Water source	Type UV	Size	Water flow (m3/h)	Electricity consumption (kW)	Working mode
Rivers, streams	Small	Container 1770 x 1700 x 5700 mm	0,2	≈ 2,5	discontinuous
	Big		5,0	≈ 6,5	continuous
Wells, oasis	Small		0,2	≈ 2,5	discontinuous
	Big		4,0	≈ 7,5	continuous
Sea water	Small		0,2-2	≈ 9-15	continuous
	Big		2-10	≈ 15-50	continuous

Drinking water can be available almost everywhere...

This dream is coming true!
