GAME DEVELOPERS SESSION

27. – 28. 11.2020

Digital Conference - Confer-O-Matic

CONFERENCE PRESENTATION

About the conference

Game Developers Session (<http://www.gdsession.com>) is the oldest Central European conference dedicated to games development, game technologies, business and marketing. The event is organized annually from 2003.

This conference, which is the only event of its kind in the country, regularly hosts a large number of Czech and Slovak game developers, producers and journalists. Those present their projects, give talks and negotiate possible business cooperation. Thanks to its tradition, the conference receives a great response in the media focused on the games, technologies and entertainment.

18th annual GDS will happen during 27th and 28th of November completely digitally on a Confer-O-Matic platform (www.conferomatic.com).

Confer-O-Matic is a platform for massive events in a 3D virtual world. Hundreds of attendees in a single 3D open world, video chat, text messages, custom stands for partners, big stages with live video streams, after party and many more.

The conference is completely approachable for foreigners. The main program line is in English language and offers several renowned foreign speakers.
